

**Unit  
5**

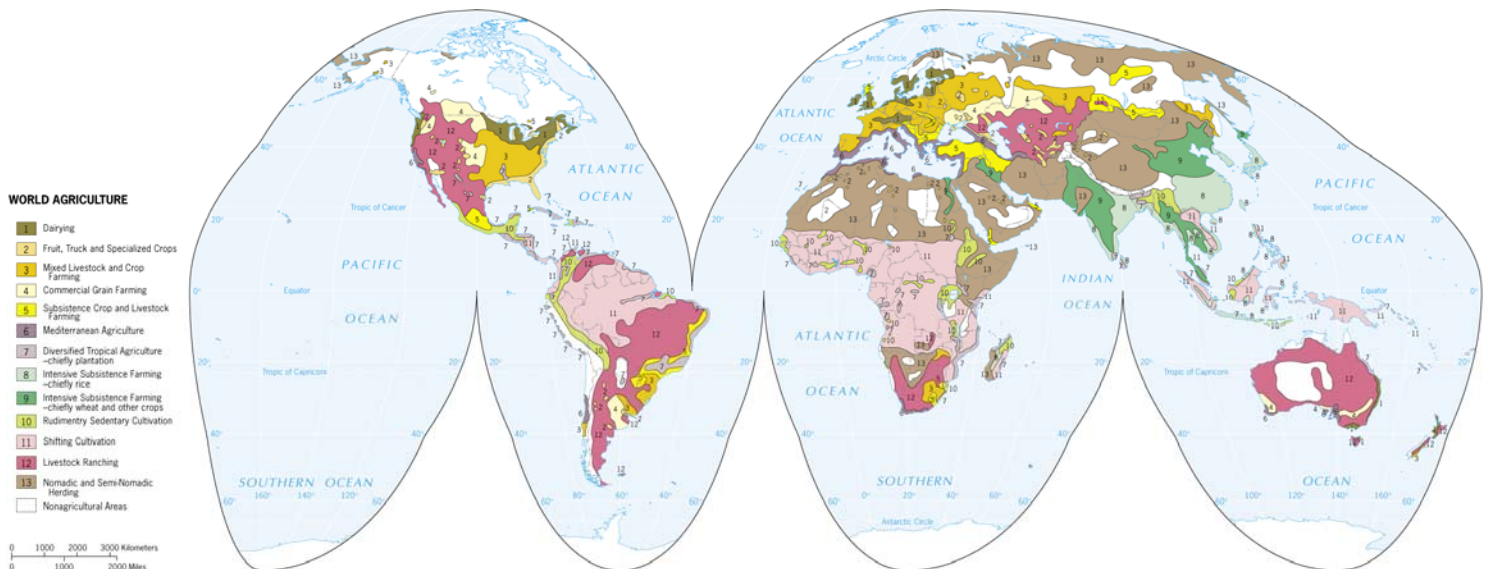

**Commercial Agriculture**

**Rural Geography**

The following information corresponds to Chapter 20 in your textbook. Fill in the blanks to complete the definition or sentence. Note: All of the following information in addition to your reading is important, not just the blanks you fill in.

**Global Patterns**

- The roots of \_\_\_\_\_ can be traced to the colonial empires established by Europe in the 18<sup>th</sup> & 19<sup>th</sup> centuries. The \_\_\_\_\_ had a major impact on agriculture, moving the 2<sup>nd</sup> Agricultural Rev. into high gear, and ultimately paving the way for the 3<sup>rd</sup> Agricultural Rev; it also revolutionized \_\_\_\_\_ & \_\_\_\_\_ - making it possible to ship products quickly & cheaply over vast distances.
- The commercialization of crop production & associated applications of technology has transformed farms into corporate-like units, giving rise to \_\_\_\_\_.
- Non-\_\_\_\_\_ farming in many poorer countries is a leftover from the colonial era:
