## Chapter

## Types of Movement and the Motivation to Migrate

**Movement and Migration 1** 

Note: all of the following information in addition to your reading is important.

| What is Migration?                                                                          |
|---------------------------------------------------------------------------------------------|
| Define: remittances –                                                                       |
| Give TWO examples that display the importance of remittances –                              |
| Define: reverse remittances –                                                               |
| Define: emigration –      Define: immigration -                                             |
| Types of movement: (cyclic, periodic, and migration)  • Define: cyclic movement             |
| Describe the various types of cyclic movement:     Activity spaces (a.k.a. action spaces) – |
| Commuting (and reverse commuting) –                                                         |
| Seasonal movement –                                                                         |
| Nomadism –                                                                                  |
| Define: periodic movement –                                                                 |
| Briefly describe TWO types of period movement –                                             |
| Describe: transhumance –                                                                    |
|                                                                                             |
|                                                                                             |

| <br>Define: migration                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
